Ivan Kisin

Senior Product Designer

Belgrade, Serbia
ivankisin@gmail.com
ivankisin.tech

Senior Product Designer experienced in building complex B2B SaaS products, translating intricate workflows and requirements into clear, intuitive user experiences. I work across the full product lifecycle, from problem exploration and interaction design to Figma prototyping and production implementation using AI-assisted development tools and GitHub. I partner closely with product and engineering teams to ship thoughtful, scalable experiences that balance user needs, business goals, and technical constraints.

EXPERIENCE

PreScouter

Apr 2024 — Present

Senior Product Designer

Remote / Chicago, IL

- Lead product design for an enterprise research intelligence platform used by Aramco, Hitachi, Sony, and Emergent BioSolutions
- Designed and shipped AI-powered features including smart forms, AI chat features, and AI text polishing that significantly improved user engagement
- Own the full design-to-production pipeline — from Figma prototypes to shipping code via vibe coding tools and GitHub, eliminating handoff friction
- Established responsive design patterns across desktop and mobile, ensuring feature parity for on-the-go enterprise users

PreScouter

Apr 2022 — Apr 2024

Product Designer

Remote / Chicago, IL

- Designed core platform features for a complex enterprise SaaS product serving Fortune 500 research teams
- Built and maintained a scalable design system in Figma, improving design consistency and reducing dev implementation time
- Collaborated closely with product, engineering, and data science teams to translate research workflows into intuitive interfaces

Independent Product Designer

Jan 2020 — Mar 2022

UX/UI Designer

Remote

- Delivered end-to-end product design for startups and established clients across diverse product domains, collaborating with clients through Upwork
- Designed onboarding flows, gamification systems, and responsive interfaces that improved user activation and retention
- Managed multiple concurrent projects, handling client communication, research, wireframing, prototyping, and final UI delivery

SKILLS & TOOLS

Design: User Research, Interaction Design, Information Architecture, Design Systems, Prototyping, Responsive Design

Tools: Figma, GitHub, Vibe Coding Tools (Conductor, Claude Code), FigJam

EDUCATION

University of Belgrade
